📍 Noida, India · 🔗 ayushi-panwar · </> LeetCode

👤 Professional Summary

Aspiring software engineer with solid foundation in Java and web technologies. Passionate about developing efficient solutions through strong problem-solving skills and knowledge of data structures. Seeking internship to apply technical skills while learning industry best practices. Quick learner with ability to work collaboratively in team environments.

⚙ Technical Skills

</> Programming Languages:	Java (Proficient), JavaScript (Intermediate)
🖥 Web Development:	HTML5, CSS3, JavaScript ES6+
🗄 Tools & Platforms:	Git, VS Code
🧠 Core Competencies:	Data Structures, Algorithms, OOP Concepts
📈 Soft Skills:	Problem Solving, Team Collaboration, Adaptability

🎓 Education

Carmel School, Chamba — 2011 – 2021
Class 10th — 95%
- Relevant Coursework: Computer Fundamentals, Mathematics

Carmel School, Chamba — 2021 – 2023
Class 12th (Science with CS) — 89%
- Relevant Coursework: Computer Science, Mathematics, Physics

Galgotias University — 2023 – Present
B.Tech Computer Science (Ongoing) — CGPA: 9.3
- Relevant Coursework: Data Structures, OOPs, DBMS, Web Development

🗂 Projects

Portfolio Website — Personal Project
HTML, CSS, JavaScript
- Developed responsive personal portfolio showcasing skills and projects
- Implemented smooth animations and transitions for better UX
- Optimized for mobile devices with media queries

To-Do List Application — Academic Project
Java, Data Structures
- Designed console-based task manager with CRUD operations
- Implemented using ArrayList for efficient data management
- Added features for task prioritization and completion tracking

Electricity Billing System — Academic Project / Team of 2
Java, MySQL, Swing GUI
- Developed desktop application for automated electricity bill generation
- Implemented MySQL database for customer data and consumption records
- Created admin module with features for tariff management and report generation
- Implemented secure login system with different access levels

🏆 Achievements

- ✸ Solved 50+ problems on LeetCode (Data Structures & Algorithms)
- ⏱ Participated in a college hackathon (2024)

ℹ Additional Information

- 📖 Currently learning DSA Using JAVA and Javascript
- 🌐 Fluent in English and Hindi
- 💼 Available for 3-6 month internship starting immediately
